

SHIPS NOT NEEDED GORMAN THINKS

DELAWARE SENATOR OPPOSES NAVAL APPROPRIATIONS.

Says the Condition of the Treasury Does Not Warrant the Expenditure for Battleships—Pension Bill Passed the House—Testimony Made Public in Important Matters.

Washington, April 29.—The senate proceedings Tuesday were enlivened by a speech from Senator Gorman in opposition to the appropriation for battleships, in which the war spirit and extravagance in congress were criticised.

The senate resumed consideration of the naval appropriation bill after some routine business had been disposed of. Mr. Bacon (dem., Ga.) reported an important new amendment from the committee on naval affairs. It provides as a condition to the building of four battleships as provided by the bill, that in case the secretary of the navy makes separate contracts for armor or armor plate he shall not accept bids exceeding \$350 a ton for such armor, and in case the secretary cannot make contracts within such limits he shall delay action and report the facts to the next session of congress.

This brought the senate to the most important feature of the bill—appropriating for four battleships to cost \$3,750,000 each, three-thirty-knot torpedo boats at \$800,000 and ten torpedo boats at \$500,000.

Mr. Gorman moved an amendment to fix the number of battleships at two instead of four, and Mr. Quay an amendment fixing the number of battleships at six.

Mr. Gorman then addressed the senate in support of his amendment. The whole country, he said, had been stirred up by a message of the executive, and responsive to this the public and the press had been in a state of excitement as to our relations with other nations. When congress assembled, it was informed by the executive that the financial conditions of the country were of the first moment, that the condition of the treasury demanded economy, or the country would be confronted with either an increase of taxation or the sale of bonds. But when the war scare took possession of us more vessels were demanded, appropriations greater than those of war times were proposed and the secretary of the navy revised his recommendation of two battleships by proposing from four to six battleships. "This from a cabinet officer," proceeded Mr. Gorman, "was considered a justification for these enormous appropriations in time of peace, in face of the fact, knowing to every senator that there was not revenue enough to pay the ordinary expenses of the government; that there had been, is and will be, a deficit in the treasury; that there has not been for four years sufficient received to meet the appropriations of congress."

The senator added that of the amounts paid for pensions and ships, \$162,000,000 came from the sale of bonds. This presented the question, is it wise, in time of peace, to make these appropriations? It was evident that there would be no legislation in this congress for the relief of the treasury. "I am very glad the senator has confessed the sin—the great sin—of the democratic party," said Mr. Sherman. "The republican house of representatives has framed a bill increasing the revenues of the government \$50,000,000, and that bill was sent to the senate. Here it was defeated by the votes of the other side of the chamber, so the only measure offered to this chamber to raise more revenue was defeated by democratic votes."

This precipitated a question of who controlled the senate. Mr. Gorman declared the republican control of the committee settled the question. Resuming his speech, he charged that the scheme was to provide greater appropriations than the revenue could meet and thus prepare the way for a higher tariff. In closing his speech the senator with great sarcasm referred to the secretary of the navy and his ambition to build up, man and equip "a splendid navy." He described the demand of the secretary with unfeigned contempt, and attributed much of his inspiration to association with naval officers who were anxious for ships to command. He ended with an appeal to the senate to limit expenditures if the revenues could not be increased.

PENSION BILL PASSED.

Bankruptcy Bill Taken Up for Consideration—To Be Voted On Saturday.

Washington, April 29.—The house Tuesday passed the Pickler general pension bill by a vote of 187 to 54. The republicans and populists voted solidly in favor of the measure and the democrats, with six exceptions, solidly against it. The section to which the bulk of the opposition was directed provides that persons otherwise entitled to pensions shall not be disqualified on account of prior service in the confederate army, provided they joined the union forces ninety days before Lee's surrender.

The bankruptcy bill was taken up for a vote Saturday at 4 p. m., under a special order. It was arranged that Mr. Henderson should control the time in favor of the bill, Mr. Bailey (dem., Tex.), who favors a voluntary bankruptcy bill, one-fourth, and Mr. Broderick (rep., Kan.), who opposed the

enactment of any law on the subject, the remaining one-fourth. Mr. Henderson took the floor and submitted an extended argument in favor of the bill, which has for its basis the Torrey bill.

Testimony Made Public.

Washington, April 29.—The senate committee on naval affairs has made public the testimony taken in the armor-plate investigation. This investigation was directed largely at Commander Folger, who had accepted a position with the Harvey company after his retirement from the office of chief of the bureau of ordinance of the navy department.

REVOLT OF LAITY.

Methodist Demand for Popular Power

Volced by Dr. Townsend of Baltimore. Chicago, April 29.—Chicago methodism challenged the bishops, presiding elders and politicians of the Methodist Episcopal church of America last night. The knight who cast the gauntlet was Rev. Luther T. Townsend, D. D., of Mount Vernon Place Church, Baltimore. He did so at the request of the Chicago Methodist Social Union.

Methodism, supposed to be the most conservative form of orthodox religion in America, was rebuked by a Methodist and Methodists. Little reference was made to Wesley, the founder of the church. But the bugle call was sounded for a battle which is to be fought in Cleveland next Friday. The general quadrennial conference of the Methodist church is to open there that day, and Chicago Methodists intend to plead for a new form of church government for the Methodists of America, which is to be of the people, by the people, and for the people.

Dr. Townsend said this, and 1,200 stalwart Methodists applauded him to the echo. He arraigned the present form of government of the church. He denounced it as monarchical, as suppressing the voice of the laity, stifling the ambitions of the best ministers, making the bishops and the conference autocrats. These autocrats, he said, were retarding the progress of the church. He insisted that a democratic spirit was needed at this hour in the policy of the church. His sole reference to Wesley was that he was an absolute dictator. "But," he added, "Wesley was an ecclesiastical statesman and not an ecclesiastical politician."

He took up, point by point, the great questions which are now agitating Methodist bishops and elders in all parts of America. He advocated the admission of laymen of the church to the annual conferences and held they should have more voice in the general conferences. He scored the time-limit rule now applying to pastors and pronounced the present appointing power of bishops as undemocratic.

LIVELY TIME IN MICHIGAN.

Democrats in the State Convention May

Detroned Don M. Dickinson. Detroit, Mich., April 29.—So sure of victory are the anti-administration forces that they claim 150 majority in to-day's convention and say that Don M. Dickinson will not be sent as a delegate to the national convention. Chairman Stevenson still claims that the administration forces will win. Tim Tarsney, an old war horse and great fighter, said that silver was sure to win, and that no resolution would be allowed indorsing the administration. He also stated that there would not be one of condemnation either.

A conference of silver leaders was held in the afternoon at which the question of the planks which should be insisted upon in the convention was discussed. Finally the matter was referred to a committee, which reported the following, which is regarded as approved by silver advocates generally: "Resolved, That it is the sense of this committee that a dominant issue before the convention is the unlimited coinage of silver and gold at the ratio of 16 to 1, and resolutions on no other lines than absolute and unqualified declaration in favor of such policy be encouraged or supported by the friends of silver."

Two Conventions in Alabama.

Montgomery, Ala., April 29.—The McKinley and anti-McKinley delegates to the republican state convention here Tuesday declined to meet together, and two conventions were held.

The anti-McKinley convention adopted a platform containing but one plank—a demand for fair and honest elections. The delegates-at-large stand one each for Reed, Quay, Allison, and Morton.

The McKinley republicans adopted a platform which opposes 16 to 1 coinage and condemns Cleveland's administration and the bond issues. It favors the building of the Nicaragua canal, to be controlled by this government. The populist platform will declare for free coinage at 16 to 1 and for fair elections.

Nebraska Sound-Money Democrats.

Lincoln, Neb., April 29.—The second Nebraska democratic convention are selecting delegates to the national convention this afternoon. This is the sound-money element of the party, and by the silver democrats of the state branded as bolters.

Evidence Nearly All Taken.

Newport, Ky., April 29.—Eleven witnesses testified in the Jackson trial Tuesday. The prosecution is expected to finish today. There was no important evidence yesterday.

CHILDREN UNDER RUNAWAYS' FEET

EIGHT INJURED BY A MADDENED TEAM IN MILWAUKEE.

Two Will Die From the Wounds Received—Washout Causes a Train Wreck On the Illinois Central Near Cedar Rapids, Iowa—Dakota Cyclone Destroys a Town.

Milwaukee, Wis., April 29.—Maddened by fright, two powerful horses attached to a hack trampled upon more than a score of little school children Tuesday afternoon. Two of the children will die, five were badly injured and about fifteen others were bruised and cut. The fatally injured: NOLDEN, ANNIE, three ribs broken and injured internally. SCHUDIA, FRANK, right leg broken above the knee and internally injured. The injured: Brodke, Maggie, bruised about the head and shoulders. Fischer, Joseph, internal injuries and body bruised. Katke, Julius, shoulder dislocated and collar bone broken. Kress, Joseph, shoulder dislocated. Nau, Emil, right arm badly crushed and lacerated.

The horses and carriage were standing at the corner of Fourth avenue and Mitchell street and were hitched to an iron weight. The driver, Herman Schultz, stood close by, talking to a friend. As a trolley car passed up Mitchell street the team suddenly took fright, and before Schultz could grab the reins they had run away.

Just at this time the pupils in the parochial school of St. Anthony's German Catholic church, located upon Mitchell street, between Fourth and Fifth avenues, had been dismissed for the noon hour. The little ones, ranging from 7 to 12 years, were filing slowly out of the building, laughing and chatting, when the frightened team jumped clear from the street and landed upon the sidewalk in their midst. The joyous shouts of the children gave way to cries of terror and anguish as they were trampled down under the iron-bound hoofs of the runaway team. It seemed short of a miracle that a dozen of the tots were not killed outright. The frenzied horses stood upon their hind legs, fell upon all fours and cut great holes in the planks of the sidewalk with their fore feet in a mad endeavor to clear themselves of the incumbrance of the carriage and harness. Underneath their perspiring carcasses and upon all sides of them lay little children. Some were unconscious. Others were silent through awful fear, while many moaned piteously for help.

It was a heartrending sight, and for a minute or two the spectators were so badly dazed they could render no assistance to the unfortunates. As willing hands were lent to the rescue the team swerved off the sidewalk and continued on in its mad flight until the intersection of Forest Home avenue, where a crowd of men succeeded in capturing it.

PASSENGERS SHAKEN UP.

Accident to an Illinois Central Train in Iowa.

Chicago, April 28.—An accident occurred Tuesday to the Illinois Central east-bound train No. 2 from Sioux City to Chicago at 2:45 o'clock in the morning one mile east of Raymond, Iowa. The accident was due to a washout, occasioned by the heavy rains with which Iowa was deluged Monday. The engine, mail-car, baggage-car and rear sleeper did not leave the tracks, and only the front wheels of the smoker, next the baggage-car, went off, but the intervening cars were derailed. The list of the injured is as follows: Mrs. Charles Baldwin, Waterloo, Iowa. F. G. Vail, Waterloo, Iowa. Mrs. D. Wagner, Dubuque, Iowa. Miss Minnie Wagner, Dubuque, Iowa. Mrs. E. Barney, Sheffield, Iowa. Mrs. R. B. Rutledge, Williams, Iowa. Mattie Nailer, Williams, Iowa. Benjamin Facins, Eagle Grove, Iowa, right leg severely bruised. Mrs. A. M. Roberts, Sioux City, injured in chest. Mrs. A. C. McKee, Rock Rapids, Iowa, teeth knocked out and face cut. May Hanning, Harding, Wis., cut about face and head. Mrs. W. W. Soul, Chicago, bruised about body. Nancy Barnes, Sheffield, Iowa, head bruised and face badly cut. C. W. Baldwin, Waterloo, Iowa, badly cut about the head. None of the trainmen was injured, but the passengers in the derailed cars received a number of cuts, bruises and other slight injuries. None of them was seriously hurt.

Deadly Cyclone in South Dakota.

Mitchell, S. D., April 29.—A severe cyclone struck near Spencer Monday afternoon. It took a northerly course, destroying farm property and doing immense damage to crops. The little town of Epiphany lay directly in its path and was completely wiped off the earth, not a building being left standing. Three persons were fatally and fifteen more or less seriously injured in that immediate vicinity. The wires are down and reports are meager. A family of five is reported killed outright near Montrose, but the report cannot be verified.

SHEBOYGAN AFLOAT; AND MUCH DAMAGED

CLOUDBURST IN THE NIGHT FLOODS A CITY.

Newly Paved Streets Washed Out, Houses Flooded and Many People Rescued With Difficulty—Relief Parties Have Hard Work—Young Man Struck By Lightning.

Sheboygan, April 29.—Last evening was one of terror to people residing along the banks of the Sheboygan river, and many of them will not soon forget their experiences. The storm was accompanied by a cloud burst and houses in the low lands were soon flooded. It was necessary for people to leave their homes and seek safety in flight. The storm started about 8 o'clock in the evening.

About 10 o'clock the cloud-burst came. The deluge was terrible and people in many quarters of the city were almost frightened to death.

The greatest fear prevailed in the lowest district where people had no protection from the terrific down-pour of rain. It was only a matter of a few minutes when the lower portions of residences were submerged and men, children, and women were obliged to flee for their lives.

The police and fire departments were called out and men were formed into corps. They had a number of rafts and boats at their command and in this manner soon succeeded in rescuing the people from their dangerous positions.

Had it not been for the aid of the police and firemen, there would have been many fatalities to report this morning.

The damage to residence property will be large.

The Northwestern railway company suffered great loss.

All the tracks in the city are under water and it will be at least two days before the company can resume business.

The greatest damage will be to the city corporation. There were several streets in courses of repair, and there were others which were being paved. This morning some of the streets presented the appearance of miniature lakes. The ground on Erie avenue for the distance of a quarter of a block drifted over to Zarnke's brick yard, about 150 feet away. The yards were covered with blocks and dirt. In other places the blocks drifted away and were lost. The work will all have to be done over again, and the loss to the city will be very heavy.

Many dwellings were wrecked by lightning.

Marquette, April 29.—Fred Raisha, one of the best known young men in the city, was struck by a lightning bolt last night and today is in a precarious condition. The accident was a strange one. The young man was walking home and when opposite the First Baptist church was thrown to the ground and went into convulsions. A bolt that shattered the belfry of the church had also felled him. He was out of his head for hours and when taken home this morning was entirely prostrated.

WILL REMAIN LOYAL.

Senator Wolcott No Bolter—Advocates

Submission to the Majority. Washington, April 29.—Senator Wolcott of Colorado has written a letter defining his position in regard to the St. Louis convention. The senator indicates his intention of remaining with the republican party whatever action it may take on the currency question. In his communication, which is addressed to the chairman of the republican state committee of Colorado, the senator says:

"To secure the unlimited coinage of silver I would count party ties as nothing. At this moment, however, the situation which confronts us is this: Both of the two great parties are apparently opposed to the free coinage by the United States. The populist party favors free coinage, but only as a means to secure more currency and as a stepping stone to unlimited paper money, and unites with its free coinage advocacy socialistic and paternalistic doctrines which are dangerous in tendency and which would be, if adopted, destructive to free institutions. There is, in my opinion, one event which might involve our country in worse disaster than gold monometallism, and only one, and that would be the triumph of populism. Colorado suffered under the degradation and blight of populist rule for two years. I believe it is the duty of every good citizen to stand up and fight in the open against a repetition of that ruinous experiment." He thinks Colorado democrats should submit to the decision of the national convention.

Taylor Had Poison and a Saw.

Carrollton, Mo., April 29.—In a little pocket case containing his children's hair, the officers, while searching "Bill" Taylor, the murderer, found a quantity of strychnine, and in his mouth a tiny steel saw. They were taken from him. When his last ray of hope dwindled before his eyes, the criminal sank into deep silence, and his face betrayed the utter helplessness he felt. There is a fatalistic impression in Carrollton that Taylor will not be hanged. One of the officers said: "If he does hang, the multitude will break down the stockade surrounding the scaffold. There is room inside for 500, whereas 5,000 will fight to see the hanging."

WILL LAST TWO DAYS.

Illinois State Republican Convention to

Be a Lengthy One. Springfield, Ill., April 29.—It has been practically decided that the Illinois republican state convention will last two days. The anti-McKinley men are in favor of this move, while the McKinley men declare they will fight it out if it takes all night. The men who are opposing instructions are placing a great deal of weight on the effect of the first roll call in the convention, where the Cook county delegates will be placed on record. The

JOHN R. TANNER.

McKinley men still claim they have 150 Cook county delegates. The anti-McKinleyites insist that sixty delegates will be all that will go with the Ohio man's friends. The showing, if made, they assert, will have a great deal of influence on the country delegates, who have been led to believe that the Cook county machine has lost its grip on the delegation it elected. After it has been shown that the delegation is not broken up, the anti-McKinley men want to adjourn the convention until Thursday, and let the country delegates sleep over the proposition.

The anti-McKinley men are making the most of the concession made by the McKinley men in putting off the forcing of instructions until after the state ticket has been nominated. They claim it is an admission that the McKinley men knew they could not carry instructions out of the regular order of business, and that the impression is now fairly afloat that they are not so sure of their ground as they have been claiming.

All the leaders agree, however, that the fight is so close that predictions are dangerous. At the same time the anti-McKinley men are as confident of defeating instructions as the McKinley men are of securing them. The ticket finally nominated is likely to be as follows:

- For governor—John R. Tanner.
 - For lieutenant-governor—W. A. Northcote or T. S. Chapman.
 - For state treasurer—Henry L. Hertz.
 - For state auditor—Charles J. Kinzie.
 - For secretary of state—George C. Rankin or James A. Rose.
 - For attorney-general—E. C. Aken.
- A proposition to nominate William E. Mason for United States senator will be brought before the convention. Judge Gary of DuPage county will present the resolution.

FATAL FIRE AT PARIS, TEX.

One Killed and Two Hurt—Firemen Injured by Falling Walls.

Paris, Tex., April 29.—A disastrous fire, involving loss of life and \$250,000 worth of property, broke out in the three-story building of J. K. Bywaters on South Main street at 2 o'clock Tuesday morning. In a short time the flames spread to the warehouse of M. F. Allen & Co., the Clements building and Hotel Peterson. The fire raged until 7 o'clock, when the firemen succeeded in getting it under control. The dead: SAULSMAN, JOHN; suffocated and consumed.

The injured: Ramsey, H. H.; will die. Rootchell, Louis.

There is a suspicion that Saulsman was murdered and the building set on fire to conceal the crime. Officers are investigating.

Later, while the firemen were playing on the flames, a wall fell, crushing S. H. Ramsey and Louis Rootchell, the former fatally and the latter seriously.

Women Make a Choice.

Springfield, Ill., April 29.—Out of 345 delegates who were eligible to sit in the first republican state convention of women less than sixty appeared, but proxies and alternates made up the final number of eighty who voted on the choice of the convention for a woman trustee of the University of Illinois. The convention lasted nearly all day, and Mrs. Mary Turner Carriel of Jacksonville was selected as the woman whom the men's convention will be asked to nominate as one of the trustees of the Illinois state university.

Harrison Is Indignant.

Indianapolis, Ind., April 29.—Gen. Harrison showed evidences of indignation when he was shown an alleged interview with John Sherman sent out from New York, in which the Ohio senator was credited with having said, among other things, that if the general was an honorable man he would not accept the nomination for president. The ex-president refused to talk for publication. It is pretty well understood by the anti-McKinley men here that the ex-president does not intend to say anything additional pending the action of St. Louis convention. Those friends who cling to the belief that he will be the nominee of the convention ask only that he keep silent.

CASH PAY DAY ASKED BY GLENWOOD MEN

STATE BOARD OF LABOR COMMISSIONERS ON HAND.

Arbitration Is to Be Attempted But Neither Side Seems Willing to Waive a Point in Their Claim—Two Miners Killed By Falling Earth This Morning.

Glenwood, Wis., April 29.—R. O. Jardeau, state labor commissioner, arrived here this morning with other members of the board, to settle the strike between the Glenwood Manufacturing Company and its employees. The men demand a cash pay day.

Ishpeming, Mich., April 29.—Two miners, John Harrington and Peter Cardu were killed by falling ground in a mine this morning.

Indiana Mines to Be Closed.

Indianapolis, Ind., April 29.—The bituminous coal operators have issued a statement in effect that the mines would close on the first of May, as the miners were firm in demanding the Ohio scale, which the operators could not pay save where Indiana coal came in competition with Ohio coal. The shut-down is to be general in the bituminous region. The miners regard the new situation with much apprehension.

Chicago Ironworkers to Strike May 1.

Chicago, April 29.—The union ironworkers will go on a strike Friday unless their demand for 45 cents an hour is granted. This means that about 600 skilled workmen will lay down their tools and force a stoppage of work at ship yards, bridge works and on the elevated railroad construction work now in progress in different parts of the city.

UITLANDERS TO BE EXECUTED

Leaders of the Transvaal Raid Sentenced at Pretoria—One an American

Pretoria, April 29.—Sentence of death has been pronounced upon Messrs. Phillips, Hammond, Farrar and Rhodes of the Johannesburg reform committee, who recently pleaded guilty of high treason.

John Hays Hammond, one of the members of the reform committee condemned to death, is an American.

Besides these, sixty other members of the reform committee have been sentenced to two years' imprisonment, a fine of £2,000 (\$10,000) and three years' subsequent punishment. They include all the leading men on the Rand—Barney Barnato's nephew, Joel; the Turkish consul, Bettelheim; ex-Attorney General of the Cape; J. W. Leonard, and the following Americans: Captain Meln, J. S. Curtis, Clement Lawley Lingham and H. J. King. What is more significant is that they mostly have relations with other South African states.

London, April 28.—The secretary of state for the colonies, Joseph Chamberlain, announced in the house of commons Tuesday that the five leaders of the reform committee of Johannesburg—J. H. Hammond, Francis Rhodes, George Farrar, Lionel Phillips and Charles Leonard—had been condemned to death.

Mr. Chamberlain added that upon hearing the news he called to the Governor of Cape Colony, Sir Hercules Robinson, to communicate the following to President Kruger: "The government has just learned that the sentence of death has been passed upon the five leaders of the reform committee. They can feel no doubt that your honor will commute sentence and have assured parliament of their conviction that this is your honor's intention."

W. J. Galloway, conservative member for southwest Manchester, asked whether the law under which the leaders of the Johannesburg reform committee were tried does not provide for the confiscation of their property in the event of conviction, and not for the imposing of the death penalty.

Mr. Chamberlain said he was unable to answer the question.

PETITION FOR HAMMOND.

It Is Signed at Washington by Senators and Congressmen.

Washington, April 29.—Great interest was shown here in the case of John Hays Hammond, and telephones in the newspaper offices were kept busy answering questions touching the accuracy of the report that he had been sentenced to death. Senator Stewart, a personal friend of Mr. Hammond, prepared a petition in his behalf, which he had circulated among senators and members of the house.

Mr. Mahany (N. Y.) created a flurry in the house by asking for the immediate consideration of the following: "Resolved, By the house of representatives that whereas the cable report announces that John Hays Hammond, otherwise described as Eugene Hammond, an American citizen, has been condemned to death for treason in the Transvaal, the secretary of state take immediate action to safe-guard the interests of said Hammond and exert the friendly offices of that department in his behalf, if the secretary of state, in his judgment, deems such interposition advisable."

Mr. McCreary (dem., Ky.), ex-chairman of the foreign affairs committee, thought the state department would take such steps as were necessary for the protection of American interests, without instructions from the house.

South Clinton, April 28.—Mrs. E. S. Westby was called to Chicago by the severe illness of a sister. The neighborhood prayer meeting will be held at E. L. Benedict's, Thursday evening, April 30. Hattie Sellinger comes down from Clinton now and then for a day. C. J. Dresser visited Beloit last week. Thermometer at 88 April 17 and 86 on April 17, is very unusual for April. The neighborhood prayer meeting at C. J. Dresser's was well attended. Mr. Crockett had charge. Several fine showers and the extreme warm weather makes everything grow rapidly. Mr. Greeley and Mr. Williams are now residents of our neighborhood. Clarence Dresser walked out from Beloit last Friday. C. J. Dresser expects to put up a new windmill soon. He reports his well to be 103 feet deep, with plenty of water.

MEMORIAL DAY ORDER IS OUT

Commander Hoard Issues a Circular For The State Posts.

Commander Hoard of the G. A. R. has issued his annual Memorial day circular as follows:

The commander desires to remind the comrades of the near approach of Memorial day, that best beloved in the heart of every true comrade of all the days of the year.

The cherished custom grows more and more significant to us as the years come on apace.

It comes laden with the memories of the heroic past, when men by the thousand counted it their highest duty and glory to die for their country.

The beauty and fragrance of the flowers we strew upon their graves is typical of the sweet remembrance we bear to their sacred memory.

Every year witnesses the newly made graves of those of our comrades who have dropped out of the ranks and entered the "eternal bivouac of the dead."

Let every old soldier, whether a member of the Grand Army of the Republic or not, unite with the observance of this day.

It is the special duty of the Grand Army posts to see that the grave of every Union soldier within their jurisdiction is appropriately decorated with flowers and the flag of our country. If there are cemeteries in outlying towns which contain such graves let a committee be appointed to visit them and make the proper decoration. Let us close the day with the assurance that not a single soldier's grave has been neglected. Death sanctifies all sacrifice. In the presence of the hallowed memories of that hour let us forget all strife and differences of whatever nature. Let us take renewed devotion to our country, and our vows of fraternity, charity and loyalty.

The department commander would respectfully recommend that the posts attend divine services on the Sunday preceding Memorial day. Let the Woman's Relief corps, as well as the Sons of Veterans, join with the comrades in all these patriotic exercises.

By command of W. D. HOARD,

Department Commander.

Assistant Adjutant-General.

Evolution.

The Garden of Eden, Adam and Eve, the serpent, the fall, what is all this but poetry, the product of uninformed imagination? We now know that the human race did not begin perfect, and then descend into a state of sin and brutality and utter misery, but that it has climbed upward from the lowest manifestation of life to the civilization of which we now boast.—Rev. D. M. Wilson.

Quick in effect, heals and leaves no scar. Burning, scaly eruptions quickly cured by DeWitt's Witch Hazel Salve. Applied to burns, scalds, old sores, it is magical in effect. Always cures piles. C. D. Stevens.

THIN PEOPLE.

How the Weight May Be Increased in a Healthful Natural Manner.

All people who are thin are not necessarily so from disease, it is natural for some to be thin, and no amount of treatment would add an iota to their weight, but the great majority of people are thin because their digestion is not perfect, their stomachs do not thoroughly digest flesh-forming foods, they may not have chronic dyspepsia, but their digestion is not vigorous enough to assimilate the food necessary for robust health and to keep up their weight.

For all such, the new discovery for dyspepsia and digestion comes as a most welcome addition to the list of meritorious remedies. The new discovery referred to is Stuart's Dyspepsia Tablets, which is not only a pleasant and certain cure for indigestion, but possesses the peculiar power of digesting flesh-forming foods, like meat, eggs and similar ordinary foods, so that the increase in weight is a perfectly natural process. One grain of the digestive principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of flesh-forming food. Dr. Jenkinson recently stated that he depends altogether upon these tablets for the cure of dyspepsia and stomach troubles and that they not only cure the indigestion, but in every case a gratifying increase in weight was noticed, not fat, but the proper amount of flesh for health and symmetry. Dr. Harlan speaks highly of the tablets, not only because they build up flesh and cure indigestion, but they are absolutely safe and harmless, no matter what the condition of the stomach and are excellent not only for the ordinary dyspeptic, but for invalids and children.

Stuart's Dyspeptic Tablets are sold by all druggists at 50cts. per package and a trial will convince anyone of their merits.

THIS DAY IN HISTORY.

1441—King Edward IV of England born; son of the Duke of York; died 1483.

1676—Michel Adriaanszoon de Ruyter or Ruyter (pronounced Roiter), famous Dutch admiral, died; born 1607. De Ruyter distinguished himself under the famous Van Tromp in the battles with the English in 1653.

In the service of Denmark he defeated the Swedes in 1659, and in 1671 commanded successfully the Dutch fleet against the combined naval forces of England and France. He was killed in a battle against Admiral Duquesne's French fleet.

1743—Abbe Charles de St. Pierre, French philanthropist, died.

1818—Alexander II of Russia, son of Nicholas, born; crowned Sept. 7, 1856; assassinated March 13, 1881.

1827—Deborah Sampson, heroine of the American Revolution, died in Sharon, Mass.; born 1760.

1892—Flood and hurricane on the island of Mauritius caused the loss of several thousand lives and much property.

1894—Francis B. Stockbridge, senator from Michigan, died in Chicago; born 1827. Major Joseph Kirkland, well known veteran and author, died in Chicago; born 1830.

1895—Levi B. Taft, an eminent Michigan jurist, died at Pontiac; born 1822.

QUAY FOR PRESIDENT.

Pennsylvania's formal presentation of Senator Quay as a presidential candidate is quite in keeping with the state's record. The state which presented the name of Mayor Fittler to the republican national convention of 1888 cannot easily do anything in this line now which will surprise the country. That singular state put Simon Cameron forward in 1860, and Gov. Hartranft in 1876, and doubtless would have presented some man of straw in all the intervening conventions if there had been any chance to create a contest against the men who were nominated on those occasions. Its present candidate, though much more widely known than the elder Cameron was in 1860 or than Hartranft ever was, is not likely to beat the former much in the balloting or to equal the latter.

Suppose that by some malignant mischance, by some freak of perverse fate, Senator Quay should actually be nominated by the St. Louis convention—how quickly the whole face of political affairs would change! A day after the nomination was made a struggle would begin for the democratic candidacy which would make the Chicago convention of 1896 as picturesque and exciting as was the republican convention of 1880 or the democratic convention of 1884 and 1860. The democracy would suddenly be inspired with a boldness and a gaiety which it has not known since the days of Jackson. At present the indications point to an overwhelming victory for the republicans in November as unerringly as they did in 1872 after the September and October states had spoken, yet Quay's nomination, if the democrats put up a fairly acceptable candidate, would undoubtedly defeat the republican party this year.

WORK OF THE NAIL TRUST.

The price of nails instead of coming down, still rises. The rise, so far as it is due to an actual growth in demand, is a healthy sign, but some of it is undoubtedly caused by the efforts of the trusts and pools in the metal industries to keep supply at comparatively moderate figures, and thus destroy all chances of competition. The republican party has a long standing grudge against those combinations, for their extortions injured the party more than once in the past by giving a chance to demagogues to cry out that the trusts were creatures of the tariff. The republican party will promptly and vigorously attack the trusts when it can get at them if they continue their exactions, yet it is aware that these combinations are neither helped or hurt by custom house legislation to anything like the extent which the public imagines. This is shown very clearly by the circumstances that they are even more numerous and aggressive in England than they are in the United States.

Michigan Men for McKinley.

Escanaba, Mich., April 29.—The republicans of Delta county elected a delegation composed entirely of McKinley men.

Ionia, Mich., April 29.—The republican county convention by resolutions instructed its delegates for McKinley and Congressman William Alden Smith. It declared for both gold and silver as a standard of value.

Big Rapids, Mich., April 29.—Me- costa county republicans sent instructed delegates. McKinley was the first choice for president and a Pinglee for governor.

Ludington, Mich., April 29.—The delegates elected to the republican county convention were instructed by resolution to work for McKinley for nominee for president. The currency question was ignored.

THE BLUES.

A GRAPHIC DESCRIPTION OF THE DREADFUL FEELING.

What Is Meant by This Form of Acute Misery—Where Doctors Make Mistakes.

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture.

It is usually this way:—

She has been feeling "out of sorts" for some time; head

has ached, and back also; has

slept poorly; been quite

nervous, and nearly fainted

once or twice; head

dizzy, and heart has

beat very fast; then that bearing-down feeling.

Her doctor says, "cheer up, you have dyspepsia; you'll be all right soon."

But she doesn't get "all right." She grows worse day by day, till all at once she realizes that a distressing female complaint is established.

Her doctor has made a mistake.

She has lost faith in him; hope vanishes; then comes the brooding, morbid, melancholy, everlasting BLUES.

Her doctor, if he knew, should have told her and cured her, but he did not, and she was allowed to suffer. By chance she came across one of Mrs. Pinkham's books, and in it she found her very symptoms described and an explanation of what they meant. Then she wrote to Mrs. Pinkham, at Lynn, Mass., for advice, feeling that she was telling her troubles to a woman. Speedy relief followed, and vigorous health returned.

Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the story recited above is the true experience of hundreds of women, whose letters of gratitude are to be found on file in Mrs. Pinkham's library.

THE DATES ARE SET FOR COUNTY FAIR

SEPTEMBER 15, 16, 17 AND 18 THE
DAYS CHOSEN.

Plans Are Being Made to Hold a
Bigger and Better Show Than
Ever Before—Entrance Fee Is
Cut In Two—Changes to Be
Made.

At a meeting of the directors of the
Rock County Agricultural Society the
date for the next fair was set for Sep-
tember 15, 16, 17 and 18.

It was after lengthy deliberation
that the directors agreed upon the
date, and the big show will occur the
week before the State Fair. If the
present indications indicate, the com-
ing fair will be a success in every way.
Numerous improvements have recently
been made in all of the departments
and the changes show that the stock-
holders and the directors mean to
make the coming event the leader of
them all.

In the live stock department the
entrance fee has been reduced one-
half, while the premium list in all the
departments has been enlarged. A
special meeting of the stockholders
and directors has been called, and will
take place at the Court house, May 16,
the purpose of the meeting being to
revise the premium list and extend all
inducements to exhibitors, as the man-
agers want the Rock county for the
coming year of 1896 to go down the
annals of history as being the "biggest
and best."

MANY CASES WERE DISPOSED OF.

LOCAL CAPITALISTS FORM A
STOCK COMPANY.

J. M. Sailer's Automatic Threshing
Machine Feeder to Be Made in This
City—C. S. Jackman President of
the Company, E. M. Hyzer Sec-
retary and D. W. Watt Manager.

Good prospects for the establish-
ment of an important factory were
opened by the organization of the
Sailer Manufacturing Company this
morning.

The officers are as follows:
President and Treasurer—C. S.
Jackman.

Secretary—E. M. Hyzer.
General Manager—D. W. Watt.
Superintendent—J. M. Sailer.

The company will manufacture the
J. M. Sailer automatic band cutter
and threshing machine feeder, a
device that can hardly fail to meet
with great success. Its strong
points are that it attaches quickly to
any thrasher, takes little power,
does away with three men and can-
not clog, overload or drag. It is not
restricted in use to one form of
machine, as are all the others in the
market, and it can be sold for 50 per
cent. of what others cost.

Taylor & Morris will make twenty-
five sample machines at once and
agents will be sent out.

YOUNG FISHERMEN FEEL LIGHTNING

CHARLES HEDDLES AND ROY
SMITH STUNNED.

They Were Sitting on the Bank of
the River When the Storm Burst
—One Was Seriously Overcome, the
Other Not So Badly—Both Have
Recovered.

It was a narrow escape from death
that two fifteen year old boys had
yesterday afternoon.

Charles Heddles, the fifteen year old
son of S. B. Heddles, and Roy Smith,
son of Edgar Smith, were fishing on
the river bank near the Victor factory
about six o'clock. Lightning struck
where they were and left them un-
conscious.

Heddles was stunned for a few mo-
ments only, but he had to work a long
time to restore Smith to consciousness.

As soon as he could move Smith was
taken to a street car and carried home.
He was not able to move around
much today, but his companion went
to school as usual.

GOLD WATCHES SOLD TOO CHEAP
Police Afraid a Stranger Is Losing Money
on His Jewelry Deals.

The police were on a still hunt this
morning for a Chicago man who was
selling solid gold watches about the
city at \$5 each. He called at Mrs. Weav-
er's residence near the corner of Mil-
waukee and Franklin streets, and
after displaying some twenty watches.
Offered them for five dollars each.
The police are afraid he is losing
money, and are anxious to give him a
pointer.

BLABON WENT EAST TODAY.
Street Railway Owner's Son Well Satisfied
with the Prospect.

Lester Blabon left this morning for
his home in Philadelphia. He gave
his close attention to the details of the
line's management, and is well pleased
with the prospect. He agrees in great
measure with the Janesville idea, that
cars should be run winter and summer
alike.

WIFE SAID SHE WAS OUSTED.
Mrs. John Arquette Had Her Husband Ar-

Culver, who have been visiting in the
city for the last few weeks, left last
evening for their home in McIntosh,
Minn.

W. T. HURD of Boscobel, and Fred
Pierson of Baraboo, were in the city
today on their way to Shullsburg,
called there by the death of their
mother-in-law.

WILL NOT ASSAIL THE FRANCHISE
Attorney General Mylrea Refuses to Sue
the Superior Water Co.

The petition of residents of Super-
ior asking the attorney general to ap-
ply to the supreme court for leave to
bring action to annul the franchise of
the Superior Water, Light and Power
company, has been denied by Attor-
ney General Mylrea. The petition
has been under consideration for some
months, it being based, first, on the
ground that the company had failed
to furnish wholesome and suitable
water for private and domestic use,
and second, that the pressure has not
been sufficient for fire protection.

Attorney-General Mylrea in stating
his reasons for denying the petition
says that the water is necessarily tak-
en from the lake; that this fact has
undoubtedly made it more difficult
for the company to furnish water fit for
domestic use, especially in the spring,
and that the city well knew these dif-
ficulties when it granted the fran-
chise. But this, he says, is not the
controlling question, which he states
to be:

If there has been a failure on the
part of the company in this respect, is
it due to the wilful neglect of the com-
pany? Does it amount to wilful mis-
use, or non-use of the franchise sought
to be forfeited whereby the corpora-
tion fails to fulfill the very design and
purpose of its organization? This is
the test laid down by our supreme court
in the recently decided Janesville case.
Judging solely from facts presented
in this hearing, I cannot so character-
ize the conduct of this company. On
the contrary, the company appears to
have made considerable effort to ob-
viate the evils complained of, and had
prior to the making of this application
entered into a contract to make cer-
tain improvements in its system by
way of filtration which will probably
remedy these evils to a great degree.
As to the question of insufficient pres-
sure, the facts presented to me fail to
show any substantial failure of duty
on the part of the company."

son Shoe Co's.

DR. H. J. WARDLAW,

WHAT SORT OF ADS
DO WOMEN READ?

THEY WILL TELL FOR THEM-
SELVES MAY I.

Lively Interest in the Ten Dollar Com-
petition is Shown—Store News is
the Best Kind of News to Hun-
dreds of Readers—Who Get the
Greenback.

What sort of an ad. has most influ-
ence on women?
Every advertiser in town wants to
know and The Gazette competition
will give him a chance.

Women are taking a lively interest
in the prize offer.

Several are making from six to a
dozen lists each, in this way giving
themselves the benefit of every doubt
when three or four ads. seem to be
equally good.

The ads. that they choose as the
most effective will be reproduced in
miniature when the competition ends.

One thing about good ads.—they
are *rewry*. Women are interested—
deeply interested—in NEWS about
dry goods, about shoes, about house
furnishings, about groceries. She
finds such news profitable reading, for
every saving she makes leaves her with
just that much more pin money.

Store news, properly reported and
properly edited may be just as inter-
esting as any other part of the paper.

If you haven't begun clipping the
"best ads." see that you begin to-
night. The ten dollar bill may go
your way as well as anywhere else.
These are the conditions:

One display ad. is to be clipped from each
issue of the Daily Gazette for April and marked
with voter's name and the date of issue.

The bunch of advertisements—one from each
issue in April—are to be mailed to the Gazette
before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they
choose.

The best ad. for each day will be determined
by counting the ballots sent in at the end of the
month. No ad. is to appear twice in one list.

The contest is confined to display ads—not
reading notices or local Janesville ads only—
size, the typographical beauty and verbal
cleverness are not the essential qualities. The
"best ad." under the terms of this contract, is
the one that seems likely to draw the most busi-
ness. No matter if the wording be clumsy and
the typography poor, the ad. that brings re-
sults, is the best ad. the world over.

The ad. that makes a hundred people say
"That's a fine ad." is good, but the ad. that makes
a dozen people buy, is better.

Read these conditions carefully, sub-
scribers and non-subscribers, and get
your scissors ready

CANADIAN STATESMEN.

How They Act While Attending Their Duties in Parliament.

It is a mistake to think that the act which led to the confederation of the various provinces in 1867 has attained no higher meaning in the life of the Canadian people than that of a constitutional union, says Donahoe's Magazine. It carries with it a meaning of far deeper import—a union of hearts, whose offspring is oneness of patriotic aim and purpose. Of course it would be idle to say that the Canadian people are a unit upon all questions of vital interest to the life and growth of the dominion. The geographical interests of Canada are so varied that there must necessarily be at times some friction and clashing of provincial needs and ambitions. This is the case at Washington; this is the case, too, in so small a confederation as the cantons of Switzerland.

A stranger visiting the gallery of the Canadian house of commons is struck with the dignity and decorum which mark the proceedings and surround even the warmest and keenest of debates. Parliamentary procedure being rigidly adhered to, there is little room for uncalculated personalities in the heat of a discussion. Sometimes, however, when the house has been sitting for hours, wearied with the perplexities and incoherencies of some member from "way back," suddenly, as if through the unity of desperation, the usual dignity of the house is relaxed

and grave members from such intellectual centers as Montreal and Toronto play the schoolboy and outvie one another in "shying" blue books at the heads of slumbering and inoffensive members. Of the 215 members that make up the house of commons, in point of ability and gifts, 20 per cent of them are below mediocrity; 20 per cent of them occupy the plane of mediocrity; 40 per cent possess admitted ability, and the remaining 20 per cent are men of commanding talent.

The big, hearty, healthy man is a continual irritant to his dyspeptic friend. Constipation is the root of nine-tenths of the sickness of men, and of a large proportion of the sickness of women. It can be cured easily, naturally and quickly. Nature is continually working as hard as she can to throw off impurities, and to force out poisonous refuse matter. When there is an impediment, Dr. Pierce's Pleasant Pellets set the wheels working again without any trouble. They assist nature in a gentle, healthful, efficient way. There is nothing violent about their action, and yet it is just as certain as if it were twice as violent. "You do not become a slave to their use." They are different and better than any other pill for the cure of constipation, headache and kindred derangements. Almost all druggists understand this, and are conscientious enough to tell you so. The druggist who tries to sell you a substitute is not a safe man from whom to buy medicine.

HOSIERY and UNDERWEAR !

In calling your attention to our lines of Hosiery and Underwear we shall notice a few numbers that it will be worth your while to investigate.

Ladies' Fast Black SEAMLESS HOSE 12½c This hose is as fine gauge and in every way as good as is sold in many places at 25c.	Ladies' Fast Black BURLINGTON HOSE 19c You will be surprised at the excellent value of this line.	Misses' Fast Black RIBBED HOSE 10c Elastic, fine gauge, full length, fast black, and a great bargain.	Misses' BLACK or TAN HOSE 19c This is a regular 25c line of goods and in offering them at 19c we give you all there is in it.
5c Ladies' Swiss Ribbed Vests, 100 dozen and while they last they go at 5c	10c Ladies' fine Swiss Ribbed Vests, taped neck and sleeves; a garment well worth twice what we ask for it, 10c	15c These Vests have the ribbed short sleeve that is so much wanted and not usually to be had in low priced goods, 15c	25c On this number we have spread ourselves and can today show you the best vest for 25c ever brought to the city. Don't fail to see them. 25c

In addition to these above mentioned lines we can offer you the most carefully selected lines of first-class Hosiery and Underwear including all grades of Cotton, Lisle and Silk. Please bear in mind our method of doing business is to keep our stock whirling, turning it many times during the year, and, in that way constantly giving our trade the
